## USE OF THE BARBECUE AREA

- The barbecues are available to all campers. We do not take reservations for them. Just turn up with your charcoal and light your fire. We count on your kind consideration and understanding in the event of great demand.
- Before starting your fire, you are required to remove the cold ashes from the drawers and to dispose of them in the metal waste bin provided.
- After use, we ask you kindly to wash the grates well, in order to leave a clean barbecue ready for the next person. Remember to also clean the work surface.

## USE OF BARBECUES ON SITES

- Individual barbecues are allowed on site, except in adverse weather conditions, such as extreme dryness. Please note your barbecues must be proper metal installations and be constantly supervised, with a full container of water close to hand while in use, and be thoroughly extinguished immediately after use. Take care not to disturb your neighbours with fumes.
- Small portable barbecues can be borrowed from the BBQ area. Please ask for the grills at reception and remember to return them well cleaned after each use.

Campfires are prohibited.
